To Whom It May Concern:

I want to express my extreme gratitude for Lily Gonzalez, Housing Coordinator for the City of Pomona. I'd been struggling for years renting, dealing with increasing rental costs and lacking the benefits of owning my own home. I'd been looking for something a single mother could afford in a decent area, without much luck, when I heard about the Mortgage Assistance Program through the city of Pomona.

Lily was helpful through the whole process, guiding me through the process of qualifying for this program, and I am now a homeowner!! She worked hard to make sure that everything went smoothly, and for that I'm truly grateful.

Thank you, Lily Gonzalez, for your dedicated work.

Sincerely,

A Happy Homeowner in Pomona
