PUBLIC WORKS

DISTRICT 1 and 5 COMMUNITY CLEANUP EVENT – SATURDAY, April 10th

The Community Cleanup for District 1 and 5 took place on Saturday, April 10, 2021, from 8:00 a.m. to 12:00 p.m. at the Pomona Valley Transfer Station. Staff and Councilmember Lustro attended the event.

Residents drove by and dropped off large volumes of materials, including electronic waste (such as TV's, computers, and other electronic devices), and used oil and oil filters.

Pomona Valley Transfer Station report 471 vehicles drove by and dropped off 62.46 tons of refuse, 9.76 tons of metal items, and 90 mattresses and 54 box springs, all of which will be recycled.

Participating at the event was CalMicro to collect and recycle electronic waste, and Waste Management Curbside to collect and recycle used oil and filters.

CALIFORNIA NATURAL RESOURCES AGENCY AWARDS URBAN GREENING GRANT AWARD

On April 14th, the California Natural Resources Agency (CNRA) announced the award of \$28.5 million in grant funding across the State for projects that reduce greenhouse gas (GHG) emissions. The grants are part of the Urban Greening Grant Program. The City of La Verne, in partnership with the City of Pomona, was awarded \$561,825 for the Arrow Highway Urban Greening Project. The Department of Public Works Staff worked with City of La Verne on the grant submission that would allow for landscaping of the currently bare medians on Arrow Highway, between White Avenue and Orange Grove Avenue, in both cities.

The work limits shown in the attached exhibit are mostly in the City of Pomona. However, in an effort to reduce City of Pomona costs and work in partnership with our neighbors, the City of La Verne is acting as lead agency for this project.

Attached is also a proposed planting plant palette that has been refined through the CNRA grant process. The planting palette is intended to allow low water use and high carbon sequestration.

Now that this has been awarded, the Department of Public Works Staff will plan to recommend a corresponding project for approval by City Council, and some percentage of City-funded cost (to be determined) to be expected. With necessary approvals, construction is expected within 2 years (approximately).
