INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the City of Pomona Housing Authority Pomona, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Pomona Housing Authority (the Housing Authority), a component unit of the City of Pomona, California (the City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors of the City of Pomona Housing Authority Pomona, California

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Housing Authority, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules, the Schedule of Proportionate Share of Net Pension Liability and Related Ratios, the Schedule of Contributions – Pensions, the Schedule of Proportionate Share of Total Other Postemployment Benefits Liability and Related Ratios, and Schedule of Contributions – Other Postemployment Benefits Plan presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Financial Data Schedules for the Housing Authority are presented for the purposes of additional analysis as required by the U.S. Department of Housing and Urban Development and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedules of the Housing Authority of the City of Pomona are fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Board of Directors of the City of Pomona Housing Authority Pomona, California

Lance, Soll & Lunghard, LLP

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2021, on our consideration of the Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Authority's internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUND TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2020

Net Change in Fund Balances - Total Governmental Fund		\$ (2,206,555)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period: Capital outlay Depreciation	\$ 2,110,679 (6,912)	2,103,767
Other postemployment benefits expense adjustment, which is the net change in total other postemployment benefit liabilities and related deferred outflows and inflows of resources		54,938
Compensated absences expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		(34,111)
Pension obligation expenses are expenditures in the governmental funds, but reduce the net pension liability in the statement of net position.		32,559
Revenues reported as unavailable revenue in the governmental funds and recognized in the Statement of Activities. These are included in the intergovernmental revenues in the governmental fund activity.		359,109
Change in Net Position of Governmental Activities		\$ 309,707

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies

The financial statements of the City of Pomona Housing Authority (the Housing Authority), a component unit of the City of Pomona, California (the City), have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Boards (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Housing Authority's significant accounting policies are described below.

Description of the Reporting Entity

The City of Pomona Housing Authority (the Housing Authority) was organized in 1993 under the California Health and Safety Code. The objectives of the Housing Authority are to aid low-income families in obtaining decent, safe and sanitary housing through federal assistance programs and low/moderate income housing programs. The Housing Authority was included within the scope of the reporting entity of the City because its governing body is composed in its entirety of council members of the City.

As part of the 2011-12, State budget bill, the California Legislature enacted, and the Governor signed, companion bills AB IX 26 and AB IX 27, requiring that each redevelopment agency be dissolved unless the community that created it enacts an ordinance committing it to making certain payments. On December 29, 2011, the California Supreme Court upheld AB IX 26, invalidated AB IX 27, and extended all statutory deadlines under AB IX 26, essentially dissolving all redevelopment agencies throughout the State effective February 1, 2012. AB IX 26 provided that cities must decide whether to retain the affordable housing function of the Agency.

On January 30, 2012, the City Council of the City of Pomona adopted Resolution No. 2012-16 and designated the City of Pomona Housing Authority as the "Successor Agency" to the low and moderate income housing functions of the former Redevelopment Agency of the City of Pomona. Upon dissolution of the Agency, pursuant to Part 1.85 of Division 24 of the California Health and Safety Code, all authority, rights, powers, assets, duties and obligations previously vested with the low and moderate income housing functions of the former Agency were transferred to the City of Pomona Housing Authority as the successor agency (the Housing Successor Agency) to the low and moderate income housing functions of the Agency.

GASB Statement No. 61, The Financial Reporting Entity – Omnibus – An Amendment of GASB Statements No. 14 and No. 34, defines the financial reporting entity as the primary government and organizations for which the primary government is financially accountable. Financial accountability requires that (1) the primary government and the component unit have a financial benefit or burden relationship or (2) management (below the level of the elected officials) of the primary government have operational responsibility for the activities of the component unit. Since members of City staff also serve as the Board of Directors of the Housing Authority, the City, in effect, has the ability to influence and control operations. In addition, the City has oversight responsibility for the Housing Authority. Accordingly, the financial statements of the Housing Authority are included in the City's Comprehensive Annual Financial Report. The Housing Authority has the same fiscal year as the City. The Comprehensive Annual Financial Report of the City can be obtained from the Finance Department of the City.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Accounting and Measurement Focus

The accounts of the Housing Authority are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements

The Housing Authority's government-wide financial statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These financial statements present summaries of activities for the Housing Authority.

These financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balance for all governmental funds. All governmental funds are accounted for using the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheets. The Statement of Revenues, Expenditures and Changes in Fund Balance presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

The Housing Authority reports the following two major governmental funds:

- The Housing Authority Fund is the main operating fund for the Housing Authority and accounts for aid to low-income families in obtaining decent, safe and sanitary housing through federal assistance programs and low/moderate income housing programs.
- The Housing Successor Special Revenue fund is to account for the low and moderate income housing functions of the former Redevelopment Agency.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Unavailable revenue arises when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenue arises when the government receives resources before it has a legal claim

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (Continued)

to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods when both revenue recognition criteria are met or when the government has a legal claim to the resources, the unavailable revenue and unearned revenue are removed from the balance sheet and revenue is recognized.

Reconciliations of the Fund Financial Statements to the Government-Wide Financial Statements are provided to explain the differences created by the integrated approach of GASB Statement No. 34.

Cash and Investments

The Housing Authority's cash and investments consist of cash and investments pooled with the City. The Housing Authority cash balance is pooled with various other City funds for deposit and investment purposes. The share of each fund in the pooled cash is separately maintained and interest income is apportioned to the participating funds based on the relationships of their average quarter-end cash balances to the total of the pooled cash and investments.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Land Held for Resale

Land purchased for resale is capitalized as inventory at acquisition costs or net realizable value.

Capital Assets

Capital assets, which include land, construction in progress, buildings and improvements, improvements other than buildings, machinery and equipment, autos and trucks, equipment under capitalized lease, and infrastructure assets (e.g. roads, bridges, traffic signals, and similar items), are reported in the Government-Wide Financial Statements. The Housing Authority's policy has set the capitalization threshold for reporting capital assets at \$5,000 and capital projects at \$250,000.

Capital assets are valued at historical cost or estimated historical cost if actual historical cost was not available. Donated assets are valued at their estimated fair market value on the date donated.

Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows:

Assets	Years
Buildings and building improvements	10-50
Improvements other than buildings	10-75
Machinery and equipment	5-100
Furniture and fixtures	5-10
Autos and trucks	5-10
Equipment under capitalized lease	5-15
Infrastructure	25-75

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position and the Governmental Fund Balance Sheet report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government reports deferred outflows of resources for pension contributions and OPEB contributions made after the actuarial measurement date, these amounts are deferred and will be expensed in the following fiscal year. The deferred outflows of resources for the net difference between projected and actual earning on pension plan, the deferred outflow for the difference between the expected and actual experiences on pension plan, the deferred outflows of resources for the OPEB changes in assumptions and the deferred outflows for difference between expected and actual experience for OPEB will be amortized over a five-year period on a straight-line basis.

In addition to liabilities, the Statement of Financial Position and Governmental Fund Balance Sheet report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The government has one item, which arises only under the modified accrual basis of accounting that qualifies for reporting in this category. The item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from grant revenues. These amounts are deferred and recognized as an inflow of resources in the period when the amounts become available. In addition, the government has deferred inflows of resources relating to the net pension obligation reported in the government-wide statement of net position. These deferred inflows of resources are the result of the net difference between projected and actual earnings on pension plan investments and are being amortized over a five-year period on a straight-line basis. Deferred pension related items also include differences between expected and actual experience and changes in assumptions. These will be recognized as pension expense over the expected average remaining service lifetime.

Long-Term Obligations

In the Government-Wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

The Fund Financial Statements do not present long-term debt. Accordingly, long-term debt is shown as a reconciling item in the Reconciliation of the Governmental Fund Balance Sheet to the Governmental Wide Statement of Net Position.

Compensated Absences

In governmental funds, compensated absences are recorded as expenditures in the years paid, as it is the City's policy to liquidate any unpaid compensated absences at June 30 from future resources, rather than currently available financial resources.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (Continued)

Pension Plan Obligations

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

The following timeframes are used for pension reporting:

CaIPERS

Valuation Date June 30, 2018 Measurement Date June 30, 2019

Measurement Period July 1, 2018 to June 30, 2019

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and inflows of sources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized over five years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

Other Post-Employment Benefits ("OPEB")

For the purpose of measuring the Total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's OPEB Plan and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

The following timeframes are reported OPEB reporting:

Valuation Date December 31, 2018 Measurement Date December 31, 2019

Measurement Period January 1, 2019 to December 31, 2019

Gains and losses related to changes in total OPEB liability are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The gains and losses are amortized on a straight-line basis over the average expected remaining service lives of all members.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (Continued)

Net Position

In the Government-Wide Financial Statements, net position are classified as follows:

Net Investment in Capital Assets – This amount consists of capital assets net of accumulated depreciation.

Restricted Net Position – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted Net Position – This amount is all net position that does not meet the definition of "net investment in capital assets" or "restricted net position."

When expenses are incurred for purposes for which both restricted an unrestricted net position are available, the Housing Authority's policy is to apply restricted net position first, then unrestricted net position as they are needed.

Fund Balance

In the fund financial statements, government funds report the following fund balance classification:

Non-spendable Fund Balance – This includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – This includes amounts that are constrained on the use of resources by either (a) external creditors, grantors, contributors, or laws of regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

Committed Fund Balance – This includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority.

Assigned Fund Balance – This includes amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The governing board by Resolution No. 2011-63A gave the authority to assign amounts for specific purposes to the Finance Director.

Unassigned Fund Balance – This includes the residual amounts that have not been restricted, committed, or assigned to specific purposes.

When an expenditure is incurred for purposes for which both restricted and committed, assigned, or unassigned fund balances are available, the Housing Authority's policy is to apply restricted fund balance first. Further, when the components of committed, assigned, or unassigned fund balance can be used for the same purpose, the Housing Authority uses committed, assigned, or unassigned resources in the following order: committed, assigned, and unassigned.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 1: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. In addition, estimates affect the reported amount of expenditures. Actual results could differ from these estimates and assumptions.

Note 2: Cash and Investments

The following is a summary of cash and investments at June 30, 2020:

Unrestricted:	
Cash and investments	\$ 2,403,289
Restricted:	
Cash	881,847
Investment with fiscal agent	72,392
Total Restricted	954,239
Total cash and investments	\$ 3,357,528

Cash and investments consisted of the following at June 30, 2020:

Cash:	
Cash held in trust	\$ 31,544
Pooled cash with the City of Pomona	3,253,592
Investments:	
Money market funds	 72,392
Total cash and investments	\$ 3,357,528

Deposits

Cash is deposited in the City's internal investment pool. The Housing Authority does not own specifically identifiable securities in the City's pool. The pooled cash is considered as cash since the Housing Authority is able to withdraw at any time without prior notice or penalty. It has general characteristic of demand deposit accounts. Interest income is allocated based on average cash balances. Investment policies and associated risk factors applicable to the Housing Authority are those of the City and are included in the City's basic financial statements.

Investment Authorized by Debt Agreement

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. Investments authorized for funds held by bond trustee include, Federal Securities, Federal Agency Securities, U.S. Government Sponsored Enterprise Securities, Money Market Funds, Certificate of Deposit Collateralized by Federal or Federal Agency Securities or Fully Insured by Federal Deposit Insurance Corporation, Investment Agreements, Commercial Paper, Bonds or Notes used by any state or municipality, federal funds or bankers acceptances with maximum term of one year, repurchase agreements, pre-refunded municipal bonds rated "Aaa", Local Agency

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 2: Cash and Investments (Continued)

Investment Fund of the State of California, and any other investments permitted in writing by the Insurer. There were no limitations on the maximum amount that can be invested in one issuer, maximum percentage allowed or the maximum maturity of an investment, except noted otherwise.

Risk Disclosures

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy (Policy) limits investments to a maximum maturity of five years. As of June 30, 2020, the Housing Authority's investments in money market funds has a maturity of less than one year.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. At June 30, 2020, the Housing Authority's investments in money market funds were rated AAA by Standards & Poors.

Fair Value Hierarchy

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Authority's investments are pooled with the City of Pomona. The fair value hierarchy is disclosed on the City's Comprehensive Annual Financial Report.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Housing Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside part. The Housing Authority's investments in money market funds are held by fiscal agent.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 3: Notes and Loans Receivable

At June 30, 2020, the Housing Authority's net loans receivable consisted of the following:

	Balance			Balance		Loans
	July 1, 2019	Additions	Deletions	June 30, 2020	Allowance	Receivable Net
Deferred Home Improvement Loans	\$ 72,111	\$ -	\$ (10,300)	\$ 61,811	\$ -	\$ 61,811
Shield of Faith	4,681,773	111,450	(40,822)	4,752,401	(11,009)	4,741,392
First Time Home Buyer Programs	1,625,877	-	(12,825)	1,613,052	-	1,613,052
Holt Ave. Housing Partners LP Loans	1,982,142	19,000	-	2,001,142	-	2,001,142
Neighborhood in Progress Home				-		
Improvement Loans	2,657,015	46,864	(192,302)	2,511,577		2,511,577
Total loan receivables	\$11,018,918	\$177,314	\$(256,249)	\$ 10,939,983	\$ (11,009)	\$ 10,928,974

a. Deferred Home Improvement Loans

The Housing Improvement loans funds for Health & Safety Repairs and Exterior Home Improvements. During the term of the loan, a portion of the loan shall be forgiven each full year provided that the owner is in good standing and complies with all of the covenants, conditions, and restrictions. The outstanding balance at June 30, 2020 was \$61.811.

b. Shield of Faith

The loan between the City and Shield of Faith Economic Development Corporation was for a development project where Shield of Faith purchased properties and developed them for Low and Moderate income persons and families. The principal balance of the loan amounts to \$3,715,000 with simple annual 3% interest rate, for a total of \$4,670,763. The loan matures 55 years from the Certificate of Occupancy date maturing on August 28, 2063. The outstanding balance at June 30, 2020 was \$4,741,392.

c. First Time Home Buyer Program

The Program is a second silent mortgage loan program designed to assist qualified low-income individuals with the purchase of their first home. Program assistance is limited to \$500,000 (inclusive of applicable program fees) or the lesser amount (with zero percent interest) necessary to provide the "gap" assistance required to meet the Program's front-end ratio requirements of 25% to 35%, whichever is lower. The outstanding balance at June 30, 2020 was \$1,613,052.

d. Holt Ave. Housing Partners LP Loans

The loan between the City of Pomona and Holt Avenue Housing Partners LP was to acquire property and construct a residential housing project consisting of 62 residential units that quality for low income persons and families. The principal amount of the loan was \$1,900,000 with simple interest at the rate of 1% per annum. All principal and interest shall be due in full on the date that is fifty years from the date of recordation of the certificate of completion. The outstanding balance at June 30, 2020 was \$2,001,142.

e. Neighborhood in Progress Home Improvement Loans

The Neighborhood in Progress Home Improvement Loans is funded through the former Agency's Substantial Rehabilitation Loan Program. It provided deferred loans up to \$60,000 and bear 2% to 4% interest rates depending on funding and income. Repayment of the loan is due at the time of title change, resale, refinance with cash out, or

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 3: Notes and Loans Receivable (Continued)

non-compliance with the program requirements. (Depending on funding source, some loans must be repaid at the end of thirty (30) years from the date of execution of the loan documents). These loans are not a conventional equity loan or equity line of credit. Funding must be used to correct code violations or deferred maintenance which may cause code violations in the near future. The outstanding balance as of June 30, 2020, was \$2,511,577.

Note 4: Advances to Successor Agency

On July 24, 2009, Assembly Bill AB4-26 was passed shifting former Redevelopment Agency funds and establishing a Supplemental Educational Revenue Augmentation Fund (SERAF). It was a "budget trailer bill" that was part of the State's legislation to balance their budget.

The former Redevelopment Agency of the City of Pomona's share of SERAF obligation for Fiscal Year 2009-10 was \$8,264,547 and \$1.7 million in Fiscal Year 2010-11. Health and Safety Code Section 33690(c) provides that a redevelopment agency, which makes a finding that insufficient monies are available to fund its SERAF obligation in Fiscal Years 2009-10 or 2010-11, may borrow funds from its Low and Moderate Income Housing Fund to make the full SERAF payment. On May 3, 2010, City Council authorized a loan of \$5,000,000 from the Low-Mod Fund to make the full SERAF payment. The Successor Agency's outstanding balance on the note as of June 30, 2020, is \$182,425.

Note 5: Land Held for Resale

Land held for resale of \$4,490,541 in the Housing Authority Fund is recorded at cost as of June 30, 2020.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 8: Net Pension Liabilities

a. General Information about the Pension Plan

Plan Description

The Housing Authority contributes through the City of Pomona to the California Public Employees' Retirement System ("CalPERS"), an agent multiple-employer public employee defined benefit pension plan. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statue and City ordinance. A full description of the pension plan regarding number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the annual actuarial valuation report. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Benefits Provided

CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. A classic CalPERS member becomes eligible for service retirement upon attainment of age 50 with at least 5 years of credited service. California Public Employees' Pension Reform Act ("PEPRA") miscellaneous members become eligible for service retirement upon attainment of age 52 with at least 5 years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation is the monthly average of the member's highest 36 or 12 consecutive months' full-time equivalent monthly pay. Retirement benefits for classic miscellaneous employees are calculated as 2 percent of average final 12 months compensation. Retirement benefit for PEPRA miscellaneous employees are calculated as 2 percent of the average final 36 months compensation.

An employee's beneficiary may receive the basic death benefit if the employee becomes deceased while actively employed. The employee must be actively employed with the City to be eligible for this benefit. An employee's survivor who is eligible for any other pre-retirement death benefit may choose to receive that death benefit instead of this basic death benefit. The basic death benefit is a lump sum in the amount of the employee's accumulated contributions, where interest is currently credited at 7.5 percent per year, plus a lump sum in the amount of one month's salary for each completed year of current service, up to a maximum of six months' salary. For purposes of this benefit, one month's salary is defined as the member's average monthly full-time rate of compensation during the 12 months preceding death. Upon the death of a retiree, a one-time lump sum payment of \$500 will be made to the retiree's designated survivor(s), or to the retiree's estate.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 8: Net Pension Liabilities (Continued)

b. General Information about the Pension Plan (Continued)

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance. Beginning the second calendar year after the year of retirement, retirement and survivor allowances will be annually adjusted on a compound basis by 2 percent.

Employees Covered by Benefit Terms

Please refer to the City's Comprehensive Annual Financial Report for numbers of employees covered by benefit terms at June 30, 2018 valuation date.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law ("PERL") requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2020, the Housing Authority's employer contributions were \$315,792.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 8: Net Pension Liabilities (Continued)

c. Net Pension Liability

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement period ended June 30, 2019, the total pension liability was determined by rolling forward the June 30, 2018 total pension liabilities. The June 30, 2019 total pension liabilities were based on the following actuarial methods and assumptions:

Valuation Date June 30, 2018 Measurement Date June 30, 2019

Actuarial Cost Method Entry Age Normal Cost Method

Actuarial Assumptions

Discount Rate 7.00% (net of administrative expenses)

Inflation 2.50%

Projected Salary Increases Varies by Entry Age and Service

Mortality Rate Table (1) Derived using CalPERS' Membership Data for all Funds

Post Retirement Benefit Contract COLA up to 2.0% until Purchasing Power Protection Increase Allowance Floor on Purchasing Power applies, 2.50% thereafter

Change of Assumptions

In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in discount rate.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

⁽¹⁾ The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERSdemographic data from 1997 to 2015) that can be found on the CalPERS website.

Note 8: Net Pension Liabilities (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The expected real rates of return by asset class are as followed:

Long-Term Expected Rate of Return (Continued)

	Assumed Asset	Real Return	Real Return
Asset Class (1)	Allocation	Years 1 - 10 (2)	Years 11+ (3)
Global Equity	50.00%	4.80%	5.98%
Fixed Income	28.00%	1.00%	2.62%
Inflation Assets	0.00%	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%
Real Estate	13.00%	3.75%	4.93%
Liquidity	1.00%	0.00%	-0.92%
Total	100.00%		

⁽¹⁾ In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

d. Changes in the Net Pension Liability

Proportionate Share of Net Pension Liability

The Housing Authority proportionate share of net pension liability of the City's miscellaneous plan is determined by the City's CalPERS fiscal year 2019-2020 contribution made by the Housing Authority over the total miscellaneous plan contribution. The following table shows the Housing Authority's proportionate share of the City's miscellaneous plan net pension liability over the measurement periods ended June 30, 2019.

⁽²⁾ An expected inflation of 2.0% used for this period.

⁽³⁾ An expected inflation of 2.92% used for this period.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 8: Net Pension Liabilities (Continued)

	Increase (Decrease)					
Miscellaneous Plan	Total Pension Liability (a)		Plan Fiduciary Net Position (b)			et Pension Liability) = (a) - (b)

Net Change during 2019-2020	\$	(461,769)	\$	(437,103)	\$	(24,666)

The Housing Authority's proportionate shares of the net pension liabilities are as follows:

Measurement Date	
June 30, 2018	4.38%
June 30, 2019	4.07%
Change - Increase (Decrease)	-0.31%

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the Housing Authority's proportionate share of the net pension liability of the plans as of the measurement date, calculated using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a discount ratee that is 1 percentage-point lower (6.15%) or 1 percentage-point higher (8.15%) than the current rate:

		Plan's Net Pension Liability						
	Discount Rate Current Discount Discount R							
Measurement Date	-1	-1% (6.15%)		Rate (7.15%)		% (8.15%)		
June 30, 2019	\$	4,728,802	\$	3,156,889	\$	1,859,198		

Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in the City of Pomona Miscellaneous Plan GASB 68 Accounting Valuation Report.

e. Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions

For the measurement period ending June 30, 2019, the City incurred a pension expense of \$487,510.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 8: Net Pension Liabilities (Continued)

As of measurement date of June 30, 2019, the City has deferred outflows and deferred inflows of resources related to pensions as follows:

Pension contribution after measurement date
Difference between expected and actual experiences
Net difference between projected and actual earnings
on pension plan investments
Total

Miscellaneous Flan						
Det	ferred outflows	Def	erred inflows of			
	of resources		resources			
\$	315,792	\$	-			
	56,820		-			
	-		44,355			
\$	372,612	\$	44,355			

Miscellaneous Plan

The amounts above are net of outflows recognized in the 2019-20 measurement period expense.

The expected average remaining service lifetime ("EARSL") is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired). The EARSL for the miscellaneous plan and safety plan for the 2018-19 measurement period in 2.0 and 2.8 years, which was obtained by dividing the total service years of 3,540 and 1,660 (the sum of remaining service lifetimes of the active employees) by 1,774 and 591 (the total number of participants: active, inactive, and retired), respectively.

The \$315,792 reported as deferred outflows of resources related to pension resulting from the City's contributions subsequent to the measurement date during the year ended June 30, 2020, will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

	Deferred of Outflows/(Inflows) of
	Resources
Year Ending	
June 30,	Miscellaneous
2021	\$ 94,618
2022	(77,885)
2023	(13,344)
2024	9,076
Thereafter	-
Total	\$ 12,465

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 9: Other Post-Employment Benefits (OPEB)

a. General Information About Public Employees' Medical and Hospital Care Program ("PEMHCA") Plan ("OPEB")

Plan Description

The Housing Authority participates in the City' CalPERS Health Plan. The City provides eligible retirees a contribution based on the "unequal method" under the Public Employees' Medical and Hospital Care Program (PEMHCA) contribution requirements for participating employers. Under the "unequal method," the City's contribution for the retiree is equal to 100% of the active contribution after 20 years of participation in PEMHCA. Eligibility for continuing medical coverage requires retirement from the City (on or after age 50 with at least 5 years of CalPERS service) and commencement of the CalPERS pension benefit. Retirement under disability does not have an age requirement.

Employees of the City who retire through CalPERS, their spouses, and eligible dependents, may receive health plan coverage through PEMCHA Plan (the "Plan"). The Plan is a single employer defined benefit plan which provides the retirees a monthly medical contribution that is not to exceed the cost of the plan selected, with the maximum contribution limited for individual retirees based on bargaining groups as listed below:

Bargaining Group		
Pomona City Council Members	\$	700
Pomona Executive Management Group		700
Pomona Mid-Management/Confidential Employees' Association		700
Pomona City Employees' Association		700
Pomona Police Managers' Association		700

Firefighters (Pre-Merger with Los Angeles County Fire District)		465

Contributions

The City currently finances benefits on a pay-as-you-go basis.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 9: Other Post-Employment Benefits (OPEB) (Continued)

b. Total OPEB Liability

Actuarial Assumptions

The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Actuarial Assumption:

Discount Rate 2.70% as of December 31, 2019

Inflation 2.75% per annum

Salary Increases 3.0% per annum, in aggregate

Cost of Living Not Applicable

Investment Rate of Return N/A- As of the valuation date there are no GASB eligible plan assets.

Pre-retirement Turnover/ Mortality Rate/

Disability Rate/ Retirement Age

Pre-Retirement: Consistent with the most recent CalPERS pension plan valuation. Post-Retirement: Consistent with the most recent CalPERS pension plan valuation.

Participant Rate 90% of future retirees are assumed to elect medical coverage at retirement through

the CalPERS Health Plan and to continue coverage through the CalPERS Health Plan beyond Medicare eligability age. Actual coverage is used for current retirees. For current retirees under age 65 and currently waiving coverage, 10% are assumed

to elect coverage at age 65.

Spouse Coverage 50% of future retirees (65% for Safety) are assumed to elect coverage for the spouse.

Male spouses are assumed to be 3 years older than the female spouses. Actual

spouse age is used for current retirees.

Medical Trend Rates 6.0% (HMO) and 6.5% (PPO) is ultimate 5% in 2023 and beyond.

Change of Assumption

In 2019, the accounting discount rate changes from 3.80% to 2.70% from the measurement date December 31, 2018 to the measurement date December 31, 2019.

Discount Rate

2.70% per annum. This discount rate is the average, rounded to 5 basis points of the range of 3–20-year municipal bond rate indices: S&P Municipal Bond 20 Year High Grade Rate Index, Bond Byer 20-Bond GO index, Fidelity GO AA 20 Year Bond Index.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 9: Other Post-Employment Benefits (OPEB) (Continued)

c. Change in the Total OPEB Liability

Proportionate Share of Total OPEB Liability

The Housing Authority proportionate share of Total OPEB liability of the City's PEMHCA plan is determined by the City's fiscal year 2019-2020 contribution made by the Housing Authority over the total PEMCA plan contribution. The following table shows the Housing Authority's proportionate share of the City's PEMHCA plan Total OPEB liability over the measurement period ended December 31, 2019:

	Increase (Decrease)					
	T	otal OPEB	Plan F	Fiduciary		otal OPEB Liability
OPEB		iability (a)		sition (b)		= (a) - (b)
Balance at January 1, 2019	\$	2,715,755	\$	-	\$	2,715,755
Balance at December 31, 2019 (Measurement Date)		2,827,610		<u> </u>		2,827,610
Net Changes	\$	111,855	\$	-	\$	111,855

The Housing Authority's proportionate share of the Total OPEB liabilities is 2.8% at the measurement date of December 31, 2019:

Measurement Date	
December 31, 2018	2.95%
December 31, 2019	2.80%
Change - Increase (Decrease)	-0.15%

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.80 percent) or 1-percentage-point higher (4.80 percent) than the current discount rate:

Plan's Net OPEB Liability/ (Asset)						
Dis	scount Rate	Current Discount		Discount Rate		
-1% (1.70%)		Rate (2.70%)		+1% (3.70%)		
\$	3,175,749	\$	2,827,610	\$	2,537,126	

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 9: Other Post-Employment Benefits (OPEB) (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (5.00% – HMO or 5.50% - PPO decreasing to 4.00%) or 1-percentage-point higher (7.00% - HMO or 7.50% - PPO decreasing to 6.00%) than the current healthcare cost trend rates:

Plan's	Net	OPEB	Liability/	(Asset)

Haalthaara Coot					
nealtricale Cost					
Trend Rates					
(6.00% HMO/	+1% (7.00%				
6.50% PPO	HMO/ 7.50%				
decreasing to	PPO decreasing				
5.00% HMO/	to 6.00% HMO/				
5.00% PPO)	6.00% PPO)				
\$ 2,827,610	\$ 3,030,135				
	(6.00% HMO/ 6.50% PPO decreasing to 5.00% HMO/ 5.00% PPO)				

d. OPEB Expense and Deferred Outflow of Resources Related to OPEB

For the fiscal year ended June 30, 2020, the City recognized OPEB expenses in the amount of \$4,887,201. At June 30, 2020, the City reported deferred outflows of resources related to OPEB from the following sources:

	Deferred outflows of resources		Deferred inflows of Resources	
Pension contribution after measurement date	\$	54,085	\$	-
Differences between expected and actual experience		-		(54,896)
Changes of assumptions		228,471		(53, 104)
Total	\$	282,556	\$	(108,000)

The amounts above are net of outflows recognized in the 2019 measurement period expense.

The \$54,085 reported as deferred outflows of resources related to OPEB resulting from the City's contributions subsequent to the measurement date during the year ended June 30, 2020, will be recognized as a reduction of the Total OPEB liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in future OPEB expense as follows:

	De				
Year Ending	Outfl	Outflows/(Inflows)			
June 30,	of	of Resources			
2021	\$	(13,656)			
2022		39,449			
2023		39,449			
2024		39,449			
Thereafter		15,780			
Total	\$	120,471			

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2020

Note 10: Self-Insurance Program

The Self-Insurance Internal Service Fund is part of the City's self-insurance program for unemployment insurance, workers' compensation and general liability. The City is a member of the California State Association of Counties Excess Insurance Authority (CSAC-EIA). Through CSAC-EIA, the City has a program limit of \$25 million dollars with a self-insured retention of \$1 million for its excess liability program and workers' compensation program. Additionally, the City purchases catastrophic excess liability coverage that provides an additional \$25 million in coverage.

Note 11: Commitments and Contingencies

As of June 30, 2020, in the opinion of the Housing Authority management, there was no outstanding matter that would have a significant effect on the financial position of the Housing Authority.

Proportionate Share of the Net Pension Liability as Percentage of Covered-Employee Payroll	208.26%	241.31%	279.43%	175.62%	169.99%
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	80.06%	74.95%	74.90%	75.15%	80.06%

Notes to Schedule:

Benefit Changes: There were no changes in benefit terms.

Changes of Assumption: In 2019, there were no changes. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in discount rate in 2018. In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5 percent discount rate.

	2014-2015	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020
Actuarially Determined Contribution Contribution in Relation to the Actuarially Determined Contribution Contribution Deficiency (Excess)	\$ 158,304 (158,304) \$ -	\$ 209,422 (209,422) \$ -	\$ 229,743 (229,743) \$ -	\$ 258,452 (258,452) \$ -	\$ 280,947 (280,947) \$ -	\$ 329,267 (329,267) \$ -
Covered-Employee Payroll	\$ 1,029,336	\$ 1,220,184	\$ 1,209,304	\$ 1,811,656	\$ 1,857,129	\$ 1,483,710
Contributions as a Percentage of Covered-Employee Payroll	15.38%	17.16%	19.00%	14.27%	15.13%	22.19%

(1) Historical information is required only for measurement for which GASB 68 is applicable. Additional years of information will be presented as it becomes available.

Note to Schedule:

Valuation Date: June 30, 2018

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method Entry Age Normal Cost Method
Amortization method Level percentage of payroll, closed

Inflation 2.50% Payroll Growth 2.75%

Projected Salary Increases Varies by Entry Age and Service Investment Rate of Return 7.00% (net of administrative expenses)

Retirement Age All other actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study

for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study

report may be accessed on the CalPERS website at www.calpers.ca.gov under Forms and Publications.

Mortality The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality

improvements using 90 percent of Society of Actuaries' Scale 2016. For more details on this table, please refer to the 2017

experience study report.
