WATER RESOURCES

PEDLEY SPREADING GROUNDS - VIRTUAL MEETING OCTOBER 20TH

The Water Resources Department, through the Safe Clean Water Program, will be hosting a virtual meeting to discuss information and answer questions about the Pedley Spreading Grounds (PSG) Project. The PSG is an existing Pomona- owned facility within the City of Claremont. The enhancement project will help capture, treat, and store urban runoff to improve water quality, increase local water supply, and protect public health.

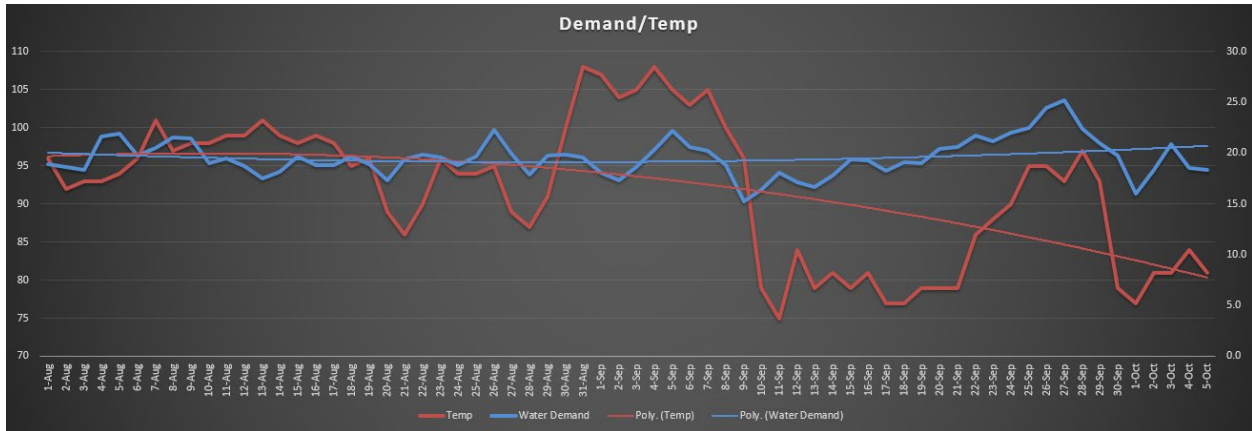

For more information on the project and how you can get involved, please see the [project brochure](#) and [register here](#) for a virtual public meeting via Zoom on Thursday, October 20th from 6:00 p.m. to 7:00 p.m.. Please note that pre-registration is required to attend the meeting.

WATER CONSERVATION-SEPTEMBER 2022

The City and Waters Resources Department applaud our customers for doing a great job of conserving water and achieving a 19 percent water reduction compared to 2020. This reduction occurred despite the irrigation water shutdown in September due to a pipeline repair to the upper feeder.

Weather is often a significant driver of water consumption, but despite September having higher temperatures, Pomona reduced its water use to record levels.

Finally, Pomona customers have ramped up their voluntary water waste reporting. In September, reports of water waste escalated by 77 percent compared to 2020. To aid in continued water savings, residential customers can find a list of rebates and programs at <https://www.bewaterwise.com/>.
