### **CITY PREPARES GRANT APPLICATIONS FOR FEDERAL TRANSPORTATION FUNDS**

The City of Pomona is preparing applications for two Federal Highway Administration (FHWA) grant programs that, if awarded, will enhance citywide transportation efficiency and safety. These grant programs are Strengthening Mobility and Revolutionizing Transportation (SMART) and the Advanced Transportation Technologies and Innovation (ATTAIN).

The SMART grant program was established to provide grants to eligible public sector agencies to conduct demonstration projects focused on advanced smart city technologies and systems in order to improve transportation efficiency and safety. Additionally, the SMART grant program emphasizes on funding projects that are focused on using technology interventions to solve real-world challenges, build data and technology capacity, and expertise in the public sector.

The ATTAIN grant program is promoting advanced technologies to improve safety and reduce travel times for drivers and transit riders. The FHWA expects to offer a maximum of ten (10) grants nationwide under the ATTAIN program.

The benefits of both grants will:

- Reduce traffic related fatalities/injuries, traffic congestion, and traffic-related emissions.
- Optimize multimodal performance.
- Improve travel time reliability and access to transportation alternatives.
- Public access to real time integrated traffic, transit, and multimodal transportation information to make informed travel decisions.
- Cost savings to transportation agencies, businesses, and the traveling public.
- Other benefits to transportation users and the general public.

The City anticipates grant award information in early 2023.

## **FOOTHILL GOLD LINE CONSTRUCTION UPDATE - FULTON ROAD AT RAILROAD CROSSING IN LA VERNE/POMONA NOW OPEN**

The Foothill Gold Line Construction Authority announces the railroad crossing at Fulton Road (as well as the Metrolink station parking entrance on Fulton Road) in La Verne/Pomona has reopened to motorists and pedestrians.

Crews utilized the recent five-week full closure of the crossing to install the new light rail tracks, complete work on the nearby Thompson Creek Bridge, and rebuild the roadway and hardscape. No more full closures of the Fulton Road crossing are expected.

During the Fulton Road closure, crews reopened all lanes on Garey Ave., which were previously under long-term lane closures. With Fulton Road now open, crews will resume the lane closures at Garey Ave. through the end of the year for utility work. In addition, a full closure of Garey Ave. is planned for early 2023 to allow crews to complete the crossing reconstruction work not able to be completed under lane closures. More details will be shared in an upcoming Construction Alert.

To see other current and upcoming construction activities that may impact you, visit the interactive construction map page at [www.foothillgoldline.org](http://www.foothillgoldline.org)
