INFORMATION TECHNOLOGY

INFRASTRUCTURE MODERNIZATION

Information Technology Department is undergoing network infrastructure modernization, namely by first replacing network switches that are nearing end-of-life. The new and modern network switches can deliver speeds up to 1 Gigabit (1000 Megabits) speed instead of 100 Megabits. While speed and performance gains are expected, the biggest benefit is strengthening the City's cybersecurity posture as new equipment are continuously supported and patched by the manufacturer to address vulnerabilities and bugs.

In mid-January, IT deployed two new switches in a controlled environment. The deployment was a success and without incident, IT is now moving forward with three more deployments this week. A total of 28 switches will need to be replaced and expect to be completed this Fall.

TAKING A TEST DRIVE

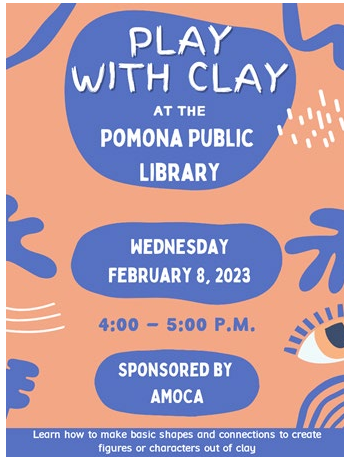

During the Fall of 2022, Information Technology equipped select police patrol vehicle's MDCs (Mobile Data Computers) with FirstNet SIM cards to benchmark its performance and compare it with City of Pomona's current carrier. The test results at the time did not suggest any significant performance gain, but shortly after IT's assessment FirstNet launched another tower in Pomona to boost signal strength and improve performance. Consequently, IT is partnering up with the Police Department once more to assess FirstNet along with enterprise router equipment to find ways to provide faster and more reliable cellular connectivity for our patrol officers.

COMPLETE STREETS PROJECT

The City of Pomona is designated as a “disadvantaged community and low-income community” by nearly every major equity and public health indicator in the State, defined as areas throughout California which most suffer from a combination of economic, health, and environmental burdens. These burdens include poverty, high unemployment, air and water pollution, presence of hazardous wastes as well as high incidence of asthma and heart disease. The City has begun multiple initiatives prioritizing community engagement with city government, with a particular emphasis on accountability to residents that may have been historically marginalized.

Those initiatives include a comprehensive zoning code update, implementing equity in budgeting and the creation of a community outreach and community-based social marketing plan to guide meaningful and robust community outreach. In addition the City has recently kicked off its Complete Streets Initiative which is intended to take a

drastically different approach to the way streets are used and designed throughout the city. While streets have historically been prioritized to move cars as quickly and efficiently as possible, all too often those designing streets gave little consideration to other users like pedestrians and bicyclists. The Complete Streets Initiative will address this imbalance by taking a new approach that will prioritize people first.

The current Zoning Code Update, which is developing new standards for all properties, will be complimented by the Complete Streets Initiative, which will develop new standards for all streets. As part of this effort, there will be on-going community outreach, including a Community Advisory Committee, as well as temporary demonstration projects known as “quick-builds” to test some of the new street

standards. Our efforts focus on a human-centered approach to ensure we are listening to the experiences and voices of those most impacted—our community.

POLICE

POLICE OFFICER GRADUATES FROM SHERIFF’S ACADEMY

The Police Department would like to welcome a new addition to our department. Officer Cirilo Serrano graduated from the San Bernardino County Sheriff’s Academy on January 26, 2023. He was sworn in by Chief of Police Michael Ellis and will begin his field training program soon. Congratulations Officer Serrano!

POLICE DEPARTMENT EMPLOYEES OF THE FOURTH QUARTER OF 2022

Detective Jorge Aleman was chosen as our Sworn Staff Member of the Fourth Quarter of 2022. Detective Aleman is assigned to our Traffic Bureau as a motor officer and is a part of our Major Accident Investigations Team. He has been a lead investigator on several high-profile fatal traffic collisions over the past few years which have ultimately resulted in criminal filings and convictions. Detective Aleman also displays extraordinary leadership, is a mentor to others and has a strong sense of duty and personal responsibility. He consistently puts the needs of other officers and the community before his own. Thank you Detective Jorge Aleman!

Jailer Domonique Rodarte has been selected as our Professional Staff member of the Fourth Quarter of 2022 for going above and beyond. Officers were involved in a traffic stop in which a suspect was arrested for having a firearm. In the backseat of the vehicle, was the 5 year old daughter of the suspect. Jailer Rodarte volunteered to sit with the minor until the Department of Children and Family Services arrived. Jailer Rodarte was able to help the child stay calm, assist her with needs such as using the restroom, provided her with meals and kept

her entertained by playing games with her. She did this for several hours until the Department of Children and Family Services arrived. Her flexibility and willingness to assist in this situation is a fine example of Jailer Domonique Rodarte going above and beyond her normal scope of duties. Thank you Jailer Rodarte!
