These events were held concurrently at Martin Luther King Jr. Park, Philadelphia Park, Ted Greene Park and Ganesh Park. PUBLIC WORKS

SUCCESSFUL COMMUNITY CLEAN-UP EVENT

The first Community Clean-up Event was held on Saturday, March 23, 2024 from 8:00 a.m. to 12:00 p.m. at Palomares Park. Public Works staff, Athens team members, and Mayor Tim Sandoval attended the event.

The inclement weather did not discourage residents from attending and dropping off bulky items, including mattresses and box springs, green waste, and electronic waste, such as televisions, computers, and other electronic devices. Staff counted over 573 vehicles in attendance. E-Recycling also participated by collecting and recycling electronic waste.

Three more events are scheduled for later this year: June 29th, September 21st, and November 2nd. More information will be provided as the dates approach.

WATER RESOURCES

CAREER LAB FIELD TRIP

We're thrilled to announce the success of our recent field trip for the 8th-grade class of Simon Middle School on March 27th at the Pedley Plant Treatment Facility in the City. This event offered an educational experience, providing students with a firsthand exploration of the career opportunities available in the water industry. Hosted by the Water Resources Department (WRD) Water Conservation Team, the day kicked off with presentations representing various divisions within the WRD. These presentations highlighted the various roles and contributions to the City's water system. The field trip concluded with a guided tour of the Pedley Plant Treatment Facility, led by the Water Treatment Crew Chief Jack Martinez. During the tour, students witnessed the intricate processes involved in water treatment and gained insight into the facility's indispensable role in serving the residents of the City.
